

Pre-Planted Amaryllis Grows and Blooms Indoors!

Pre-Planted and ready to ship directly to any US address, this Amaryllis bulb is beautifully presented in a green ceramic pot and topped with decorative moss. Just add water and the bulb will start growing immediately, blooming within six to eight weeks with the large, beautiful flowers lasting for approximately two weeks. If cared for properly, Amaryllis bulbs will have two blooming periods every 12 months, year after year! Great for any Fall, Winter or Holiday event.

Flower Color: Red

Bloom Time: Winter & Summer

Size: 24-26 cm bulb. Plant grows up to 24-inches tall with multiple 8-inch flowers

Product Ships from October through November
