

Long-Stem Roses

Imagine the response at your next trade show when you start handing out beautiful, long stem roses. Your guests will walk the show, proudly carrying your gift (no one will put these beauties in a bag). They will be asked who gave them that wonderful rose, the answer: **YOUR Organization!** Show attendees will be actively seeking out your booth. As the numbers of your visitors grow, so does the number of visible roses walking the floor, continuing to increase your traffic!

Give an earth-friendly, biodegradable trade show giveaway that gets noticed, not a plastic knick-knack that gets tossed into a bag. Create a buzz, impress your visitors, and increase your trade show traffic...

Our roses arrive fresh from the greenhouse, just beginning to open – their stems stripped of thorns – ready to be handed out.

Flower Color: Red, Yellow, Orange, Pink or White.

Product Availability: Year-Round

Note: Must be ordered in multiples of 200 stems

PRICE INCLUDES OVERNIGHT DELIVERY TO CONTINENTAL US ADDRESS
